SUBJECT: **DIAKONIA INC. GROUP HOME CONTRACT COMPLIANCE MONITORING
REVIEW**

The Department of Probation, Placement Permanency & Quality Assurance (PPQA), Group Home Monitor (GHM), conducted a review of Diakonia Inc. Group Home, in November 2014. Diakonia Inc. has three (3) sites, Maywright, Achieve and Home of Excellence, located in the Third Supervisorial District of San Bernardino County. They provide services to Los Angeles County Probation foster children and Department of Children and Family Services (DCFS) foster children. According to Diakonia Inc.'s program statement, its purpose is to provide therapeutic treatment services to adolescents, focusing on behavior problems, interpersonal difficulties, low self-esteem, anger management, victims of abuse, poor school performance, substance abuse and family conflicts.

Diakonia Inc.-Maywright is a 6-bed site and is licensed to serve a capacity of six (6) boys, 6-17 years old and Non-Minor Dependents (NMD). Diakonia Inc.-Achieve is a six (6) bed site and is licensed to serve a capacity of six (6) girls, 6-17 years old and NMD. Diakonia Inc.-Home of Excellence is a six (6) bed site and is licensed to serve a capacity of six (6) girls, 6-17 years old. At the time of this review, Diakonia Inc. served three (3) Los Angeles County Probation children and three (3) Los Angeles County DCFS children and nine (9) children from other counties. Based on the sample, the placed children's overall average length of placement was five (5) months, and their average age was (16) sixteen years.

Six (6) children were randomly selected for the interview sample, three (3) Probation and three (3) DCFS. There were two (2) children in the sample who were prescribed psychotropic medication, both from DCFS, and those cases were reviewed for timeliness of Psychotropic Medication Authorizations (PMAs) and to confirm the required documentation of psychiatric monitoring. Additionally, four (4) discharged children's files, two (2) Probation and two (2) DCFS, were reviewed to assess compliance with permanency efforts, and five (5) staff files

were also reviewed for compliance with Title 22 Regulations and County Contract Requirements.

SUMMARY

During the PPQA/GHM review, the interviewed children generally reported feeling safe at Diakonia Inc., and that they were provided with good care and appropriate services, were comfortable in their environment and treated with respect and dignity. Diakonia Inc. was in compliance with four (4) of the ten (10) areas of our Contract Compliance Review: "Education and Workforce Readiness", "Health and Medical Needs", "Psychotropic Medication" and "Personal Rights and Social/Emotional Well-Being"

PPQA/GHM noted deficiencies in the areas of "Licensure/ Contract Requirements", in that Diakonia Inc. needs to ensure that the facility vehicles are kept in good repair, the clothing allowance logs are comprehensive and that the Group Home is free of Community Care Licensing complaints. Additionally, in the area of "Facility and Environment", Diakonia Inc. needs to make minor repairs in the common quarters and children's bedrooms. It was noted in the area of "Maintenance of Required Documentation and Service Delivery", Diakonia needs to ensure that all NSP's are comprehensive and includes county worker and child participation. In the area of "Personal Needs/Survival and Economic Well-Being", Diakonia Inc. needs to ensure the issuance of children's minimum weekly allowance and Life Books. In the area of "Discharge Children", Diakonia Inc. needs to ensure that all updated NSPs are included in children's discharge files in order to document their progress towards NSP goals. Lastly, in the area of "Personnel Records", Diakonia Inc. needs to provide the minimum education requirements for all employees and ensure that all staff that transport children have a valid driver's license.

REVIEW OF REPORT

On December 18, 2014, Probation PPQA Monitor RaTasha Smith held an Exit Conference with Diakonia Inc. Administrator, Ingrid Peyrefitte. Administrator Peyrefitte agreed with the review findings and recommendations and was receptive to implementing systemic changes to improve their compliance with regulatory standards; as well as address the noted deficiencies in a Corrective Action Plan (CAP).

Diakonia Inc. Group Home provided the attached approved CAP addressing the recommendations noted in this compliance report. A follow-up visit was conducted and all deficiencies cited in the CAP were corrected or systems were put in place to avoid future deficiencies. Assessment for continued implementation of recommendations will be conducted during the next monitoring review.

A copy of this compliance report has been sent to the Auditor-Controller and Community Care Licensing.

were also missing clothing voucher waivers, which should indicate that the children agree to save up their monthly clothing allowance.

- Diakonia Inc.'s Home of Excellence site had a substantiated Community Care Licensing complaint for lack of supervision in April 2014. While on an outing at Diakonia's annual picnic, a resident from the Home of Excellence (not an LA County youth) site had sex with a male resident from the Maywright site, who was from Los Angeles County. All three (3) staff who were providing supervision were suspended for three (3) days without pay and received a four (4) hour training on "supervision of clients in a Group Home" on May 7, 2014.

Recommendation

Diakonia Inc. management shall ensure that:

1. All vehicles remain free of gang graffiti and in good repair with no missing or broken items such as head rests and seat belts.
2. All children's files have a comprehensive allowance/clothing log and a waiver, if the allowance is not issued monthly.
3. All sites continue to strive to be free of substantiated complaints by adhering to all Community Care Licensing Regulations and Standards.

Facility and Environment

An inspection of the interiors and exteriors of Diakonia Inc. revealed some cosmetic deficiencies that required correction.

- At Diakonia Inc. Maywright site- remove the graffiti from the bedroom door, window seal, both dressers and the walls in bedroom #3
- At Diakonia Inc. Achieve site- remove the mold from the restroom (bathtub area) and repair the hole in bedroom door in room #2.
- At Diakonia Inc. Home of Excellence- repair the window screen in bedroom #1

Recommendation

Diakonia Inc.'s management shall ensure that:

1. All of the aforementioned physical deficiencies sited in the common areas are repaired in a timely fashion.
2. All of the aforementioned physical deficiencies sited in children's bedrooms are repaired in a timely fashion.

Maintenance of Required Documentation and Service Delivery

Six (6) children's files were reviewed, three (3) DCFS and three (3) Probation, for completion, accuracy and timeliness of Needs & Service Plans (NSPs). Of the six (6) files, nine (9) NPS's were reviewed; six (6) initial and three (3) updated.

- Of the nine (9) NSP's reviewed, two (2) initial NSP's and one (1) updated NSP were missing the county worker's signature authorizing the implementation of the NSP.
- Of the nine (9) NSP's reviewed, there were only three (3) updated NSP's that required the children's progress toward their permanency goal. Of the three (3) updated, two (2) of the children's NSP's did not document the child's progress towards their permanency goal.
- Of the nine (9) NSP's reviewed, two (2) of the updated NSP's were missing county workers monthly contact.
- Of the six (6) initial NSP's reviewed, none of the six (6) were comprehensive. All six (6) NSP's lacked specific goals for each child. The goals provided were general and were not focused on the individual needs of each child. One (1) of the six (6) NSP's was missing the child's date of admission, and another NSP did not mark the concurrent case plan goal box on their initial NSP.
- Of the three (3) updated NPS's reviewed, none of the three (3) were comprehensive. Two (2) of the three (3) changed the case plan goal section but did not provide a reason for the modification. Another updated NSP indicated that a child was no longer taking psychotropic medication but did not provide a reason for the change.

Recommendation

Diakonia Inc.'s management shall ensure that:

1. All children's NSP's have the County Workers signature authorizing the implementation of the NSP.
2. All children have updated NSP's that document the child's progress towards their NSP goals, specifically their permanency goal.
3. All children's NSP's document the county workers monthly contact.
4. The aforementioned NSP deficiencies are corrected so that each child has comprehensive initial NSPs.
5. The aforementioned NSP deficiencies are corrected so that each child has comprehensive updated NSPs.

Personal Needs/ Survival and Economic Well-Being

- During the six (6) child interviews, it was revealed that three (3) of the children were not receiving their minimum weekly allowance. Three (3) children reported that they were only receiving \$5.00 a week for their allowance. Based on their age, the minimum weekly allowance is \$7.00. Group Home staff was made aware of the issue prior to the conclusion of the monitoring review and was provided with a copy of the Statement of Work in the County Contract which outlines the weekly minimum allowances. One child did not receive her minimum allowance for seven (7) months; the remaining two (2) children did not receive their minimum allowance for three (3) months. Staff has reported that the children will receive all money that was not initially issued to them for their weekly allowance.
- During the six (6) child interviews, it was revealed that five (5) of the children did not have Life Books. One (1) child reported that she had a Life Book but was not able to locate it. When staff were asked about this, they explained that they have the Life Books available, but youth decline. The Group Home has documentation that the children will receive Life Books but not an actual form stating that the Life Books were actually received.

Recommendation

Diakonia Inc.'s management shall ensure that:

1. All placed children receive their minimum weekly allowance.
2. All placed children receive a Life Book and are encouraged and assisted in maintaining their book throughout their placement.

Discharge Children

Four (4) discharge files were reviewed, two (2) Probation and two (2) DCFS.

- Three (3) of the four (4) discharged files were in full compliance. The one (1) file that was out of compliance was missing the most recent NSP; therefore, it was not possible to determine if the child was making progress towards their NSP goals. Although, the file had a certificate of successful completion and complete discharge information related to stability and achievement of permanency goals, the Group Home remains out of compliance due to the fact that the NSP was missing from the file.

Recommendation

Diakonia Inc.'s management shall ensure that:

1. All updated NSP's are present in discharge files in order to assess the discharged child's progress toward their goals.

Personnel Records

- During the review of five (5) employee files, all five (5) of the files were missing verification of their education/experience in their personnel files.
- During the review of the five (5) employee files, one (1) of the employee's was missing a copy of their valid driver's license.

Recommendation

Diakonia Inc.'s management shall ensure that:

1. All employees have documentation of their education/experience included in their personnel files.
2. All employees have a copy of their valid driver's license in their personnel files.

PRIOR YEAR FOLLOW-UP FROM THE PROBATION PPQA GHM GROUP HOME CONTRACT COMPLIANCE MONITORING REVIEW

PPQA/GHM's last compliance report dated July 9, 2013, identified nine (9) recommendations.

Results

Based on the follow-up, Diakonia Inc. fully implemented five (5) of the nine (9) previous recommendations for which they were to ensure that:

- SIR's were cross reported timely
- Children are assisted in maintaining important relationships
- Children are attending school daily
- Initial medical examinations are timely
- Children have current court approved Psychotropic Medication Authorization

However, it was discovered that Diakonia Inc. failed to fully implement four (4) of the previous nine (9) recommendations for which they were to ensure that:

- All sites are in compliance with Title 22 regulations and county contract requirements
- Children are progressing toward their goals

- Comprehensive updated NSPs are developed and include all required elements in accordance with the NSP template
- Documentation of progress toward meeting NSP goals is maintained in NSP's for discharged children placed at least 30 days

Are appropriate and comprehensive monetary and clothing allowance logs maintained?

- "State the area of non-compliance: (MayWright Boys Home and Home of Excellence)"
Clothing Allowance log is not comprehensive, not able to tell how often children are receiving clothing allowance; also there was no clothing allowance waiver in the file (if not issued monthly).
- "Explain the cause (why it happened) of non-compliance:"
- Clothing log was not clear/ legible for monitor R. Smith to determine if youth were receiving their clothing voucher on a monthly basis at the Maywright and Home of Excellence site. Agency gives each youth in the program a \$100 clothing voucher on a monthly basis.
- "Explain what needs to be done to correct the non-compliance".
- Clothing Allowance Agreement was created immediately see attachment where all current youth have received and signed. All incoming youth will be informed and will be required to sign upon entry to indicate what they are allotted for a monthly clothing allowance. In addition we created a monthly clothing log that will be completed after each youth has purchased clothing for the month. (See attachment).
- "How is the CAP to be implemented?"
- All facility managers and acting facility managers have been trained on the new procedure.
- "Explain what the Quality Assurance (QA) plan is to maintain compliance".
- Quality Assurance Reviewer Nancy Hornsby will monitor and follow-up with the facility managers on a monthly basis to ensure accuracy.

III. MAINTENANCE OF REQUIRED DOCUMENTATION AND SERVICE DELIVERY

- "State the area of non-compliance:
- It was noted that the NSP did not have a signature of the CSW/DPO. The program manager and therapist are responsible for ensuring the NSP is signed. The therapist completes the form after all input and send by email to the CSW/DPO for signature. If the signature page does not return within one week, the supervisor of the CSW/DPO will be informed to assist in obtaining a signature. The CSW/DPO has the option of signing the report on the next visit to see the client or at the next treatment team meeting within that month. If no response, the program manager will go to the office of the CSW/DPO and personally get the signatures.
- "Explain the cause:
- The county worker's contact not documented due to an oversight of the therapist Deryl Taylor completing the NSP.
- "Explain what needs to be done to correct the non-compliance".
- The reason for the repeated deficiency is due to confusion and misunderstanding of what makes the form comprehensive. Moving forward we will ensure all sections are complete and that if there is a change in the case plan goal or with the child's medications we provide a reason for the modification. All goals will be specific to each child and written in simple language. Goals will also be relevant to why the child is placed at the Group Home and written in a way in which they can be measured.
- "How is the CAP to be implemented?
- The CAP will be implemented after training the Facility Managers and staff on the specifics of the NSP. Training on the NSP will be within 30 days from the date of this CAP.
- Quality Assurance (QA) plan:
- The Quality Assurance plan to maintain compliance will occur monthly. The Program Manager will review each report for accuracy and completeness before the therapist emails to the CSW/DPO.
